Table of Contents

VI. Development Elements

1. Housing
   1.01 Introduction
   1.02 Population projections and build-out
   1.03 Public Participation
   1.04 Evaluation of previously certified Housing Element
   1.05 Community profile
   1.06 Inventory of land suitable for residential development
   1.07 Housing affordability
   1.08 Special groups needs assessment
   1.09 Housing needs plan
   1.10 Availability of services and infrastructure
   1.11 Market and inventory conditions
   1.12 Other governmental constraints and opportunities
   1.13 Non-governmental constraints
   1.14 Appropriateness of goals, objectives, and policies
   1.15 Wrap-up
   1.16 Conservation of affordable housing
   1.17 Rehabilitation and maintenance of existing housing
   1.18 Housing mix
   1.19 Home ownership opportunities
   1.20 Construction of affordable housing
   1.21 Meeting special housing needs
   1.22 Jobs-housing balance
   1.23 Non-traditional housing styles
   1.24 Housing Element review
   1.25 Fair housing and anti-discrimination

2. Community Design
   2.01 Design guidelines and standards
   2.02 The Ukiah Valley setting
   2.03 The “Gateways”
   2.04 Agricultural and scenic area character
   2.05 A sense of place
   2.06 Signs
   2.07 Special design issues

3. Economic Development
   3.01 The Community Vision: Available opportunities and community direction

Adopted by the City Council, December 6, 1995
3.02 The Community’s needs: Continued economic growth ................................ VI.3-4
3.03 Opportunities for the future: Economic Development Strategy .......... VI.3-5
4 Land use ................................................................................. VI.4-1
4.01 Introduction .................................................................................. VI.4-1
4.02 Legally Existing Non-Conforming Land Uses ................................ VI.4-3
4.03 Land use policies ........................................................................ VI.4-6
4.04 Resource lands ............................................................................ VI.4-11
4.05 Residential Land Use .................................................................. VI.4-14
4.06 Economic development land uses .............................................. VI.4-20
4.07 Recreation and public land uses ................................................. VI.4-27

VII. Glossary .............................................................................. VII.4-1

VIII. Appendices ........................................................................ VIII.4-1
1 Wildlife and botanical inventory and supplemental information .... VIII.4-3
