Zoning Administrator Stump has visited the site, supports approval of the project, agrees with staff's findings and project conditions and approved Minor Variance 10-16 VAR-ZA with Findings 1-5 and Conditions of Approval 1-7.

MINOR VARIANCE FINDINGS TO APPROVE A REQUEST TO ALLOW A FENCE TALLER THAN THREE FEET TO BE LOCATED WITHIN THE FRONT YARD SETBACK AT 315 WEST CHURCH STREET, APN 002-256-01

The following findings are supported by and based on information contained in the staff report, the application materials, and the public record.

1. See General Plan and Zoning Section of the staff report.

2. The following special circumstances apply to the subject property; therefore the strict application of the code will deprive the property owner privileges enjoyed by other properties within the R-1 zone.

   a. The subject property is a small corner lot that is half the size of other lots in this district for example 204 Oak Street, 423 West Church, 475 West Church, 204 Bush, 214 Bush, 400 Stephenson Street, 390 Stephenson, 306 Pine and 390 Clay. Given that the subject property is a corner, by definition it has two fronts and therefore the property owner is limited to a (3) three foot tall fence along the entire frontage and one side of this property. Furthermore because the lot is small, useable private front yard space for this particular lot is limited.

   b. Due to the slope of Church Street the lot is not completely level and therefore portions of the fence are slightly taller on one side than the other.

3. The granting of this variance will not constitute a grant of special privilege because other properties within this neighborhood and within the C-N zoning district are able to enclose their side yards and utilize more of their property because their properties do not have multiple fronts.

4. The granting of this variance will not be detrimental to the surrounding property owners based on the following:

   a. The proposed fence would not block or change the pedestrian or vehicle circulation within the neighborhood.

   b. The project is required to comply with all applicable local, state and federal regulations.
c. The proposed fence design will be similar to other wood fences in the neighborhood.

d. The granting of this variance will not change the existing footprint of the primary structure. Therefore the privacy of the neighbors will not be compromised.

5. The proposed project is exempt from the provisions of CEQA pursuant to CEQA Guidelines Section 15303, Class 5(a) which allows minor alterations in land use limitations including set back variances based on the following:

   a. The proposed fence will be located within the required ten (10) front setback. Only a portion of the fence will exceed the permitted three feet height. A new parcel will not be created.

   b. The project is not located within an environmentally sensitive area in that the project is located on a developed residential lot. No water courses, wildlife, wildlife habitat, floodway or floodplain or other environmentally sensitive areas are present.

MINOR VARIANCE CONDITIONS OF APPROVAL TO ALLOW A FENCE TALLER THAN THREE FEET TO BE LOCATED WITHIN THE FRONT YARD SETBACK AT 315 WEST CHURCH STREET, APN 002-256-01

1. Variance approval is granted for a portion of a perimeter fence located in the front yard setback to be taller than three feet in height. The highest point of the fence shall be four feet one inch (4’ 1") as shown on the plans and project description submitted to the Community Development and Planning Department and date stamped August 24, 2010 except as modified by the following conditions of approval.

2. Except as otherwise specifically noted, this variance shall be granted only for the specific purposes stated in the action approving the variance and shall not be construed as eliminating or modifying any building, use, zoning or other requirements except as to such specific purposes.

3. This approved variance may be revoked through the City's revocation process if the approved project related to the Permit is not being conducted in compliance with the stipulations and conditions of approval; or if the project is not established within two years of the effective date of approval; or if the established and use for which the permit was granted has ceased or has been suspended for twenty-four (24) consecutive months.

Standard City Conditions of Approval

4. No permit or entitlement shall be deemed effective unless and until all fees and charges applicable to this application and these conditions of approval have been paid in full.

6. The property owner shall obtain and maintain any permit or approval required by law, regulation, specification or ordinance of the City of Ukiah and other Local, State, or Federal agencies as applicable. All construction shall comply with all fire, building, electric, plumbing, occupancy, and structural laws, regulations, and ordinances in effect at the time the Building Permit is approved and issued.
7. This approval is contingent upon agreement of the applicant and property owner and their agents, successors and heirs to defend, indemnify, release and hold harmless the City, its agents, officers, attorneys, employees, boards and commissions from any claim, action or proceeding brought against any of the foregoing individuals or entities, the purpose of which is to attack, set aside, void or annul the approval of this application. This indemnification shall include, but not be limited to, damages, costs, expenses, attorney fees or expert witness fees that may be asserted by any person or entity, including the applicant, arising out of or in connection with the City's action on this application, whether or not there is concurrent passive or active negligence on the part of the City. If, for any reason any portion of this indemnification agreement is held to be void or unenforceable by a court of competent jurisdiction, the remainder of the agreement shall remain in full force and effect.

7. **ADJOURNMENT**

There being no further business, the meeting was adjourned at 11:20 p.m.

Charley Stump, Zoning Administrator
