Assistant City Manager Sangiacomo stated at least one neighbor has called in complaining about overnight camping or vacated cars.

Member Taylor stated this area has been cleaned up since old business, Beeler's Mufflers, has left area.

Member Jordan wanted to know if residents or businesses are parking overnight before a vote goes before Council.

Assistant City Manager Sangiacomo stated this area is not paved.

Member Jordan stated residents should be informed about this issue before a no parking decision is made.

Member Taylor stated he will have an officer check area to see who is parking there.

Assistant City Manager Sangiacomo stated the property owner in the very last house is the one who asked for no overnight parking. He is not trying to prevent daytime parking. This area looks like it is being used as employee daytime parking.
