Measuring What Matters Most
Strategic Plan 2010—2015
A Message From The Chief

In 2008, the Ukiah Police Department embarked on a strategic planning process to establish our goals and priorities for the subsequent five-year period. What follows is our Strategic Plan 2010-2015, entitled *Measuring What Matters Most*.

Our goal was to build on our accomplishments and to measure, in a quantifiable manner, our ability to deliver quality service through clearly definable goals and performance measurements. Key to our strategic planning process was obtaining broad participation from the community to define what is important in terms of safety and quality of life in the city of Ukiah. Our planning process included the following:

- Compiling statistics on crime and police services, and producing an Annual Report;
- Implementing a community survey—to which almost 1,000 residents responded—to find out how safe citizens felt and the most important safety issues to address;
- A survey of the Department’s employees to identify what’s working and what needs improvement;
- A forum with 29 key community leaders to define broader issues, such as the economic crisis, impacting law enforcement;
- A meeting with the Ukiah City Council members and City leadership to solicit feedback; and
- Staff and strategic planning team meetings to explore the implications for the Department.

With this information serving as the basis for our decision-making, we reviewed the Department’s core values, redefined our Vision and Mission, and established five specific goals for our strategic plan:

- Reduce Crime and the Fear of Crime
- Improve the Quality of Life in Our Neighborhoods
- Enhance Community and Police Partnerships
- Develop Personnel
- Continued Accountability

Completing the strategic planning process during these fiscally demanding times has truly been a challenge, as we work through the difficult process of reducing the budget, and downsizing our work force. Yet, despite these fiscal challenges, I am extremely proud of the work of the Ukiah Police Department members who continue to be committed to serve our community. I firmly believe *Measuring What Matters Most* will allow us to achieve an even higher level of service despite these economic challenges. Together we can make Ukiah a better place.

Sincerely,

Chris Dewey
Chief of Police
