

# Required Parking Lot Tree List

The table below identifies trees required for planting in a parking lot and were selected specifically for Ukiah's climate and conditions specific to parking lots. The trees in the table were selected by the Tree Advisory Group based on their ability to survive in the conditions specific to parking lots. The Required Parking Lot Tree Table was approved by the City Council on April 18, 2012.

**Request for Alternate Species.** A species other than those listed in the Required Parking Lot Tree List above may be planted with approval from the Planning and Community Development Director. The request to use an alternate tree must be made in writing and include the following information as applicable:

1. Why species from the required tree list cannot be planted;
2. Why the alternative species proposed is a preferred and appropriate species;
3. Ability to provide beauty and shade;
4. Ability of the species selected to remain healthy and viable in the conditions in which it would be planted (such as size of tree well, landscaped island; soil conditions, location of utilities and overhead lines, proximity to building(s)/structure(s)).
5. Other information required by the Planning and Community Development Director.
